@MedlabSeries #Medlabme
Dear medical laboratory professional,

The 16th edition and first year of MEDLAB as a stand-alone show proved itself to be the world’s largest medical laboratory exhibition and congress. Playing host to over 575 exhibitors from 38 countries worldwide, including representation from 12 country pavilions, MEDLAB cemented itself as the annual must-attend event for the medical lab industry.

Welcoming 20,420 attendees in 2017 from 129 countries, coming to MEDLAB to do business, this year has been the most concentrated and targeted, allowing all medical lab professionals the opportunity to meet, learn and do business with their relevant target audience.

The Congress experienced tremendous growth with 6,320 delegates attending the 11 multi-disciplinary CME-accredited conferences. Having introduced bespoke tracks to bridge the gap between lab professionals and clinicians, it was evident that the industry was in demand of such, as 4 out of 11 tracks were completely sold out ahead of the show.

Now an established, stand-alone event, MEDLAB 2018 will inspire more business opportunities in the MENA region and globally with 35,000 m² exhibition space, inviting over 600+ international exhibitors to connect with more than 25,000 lab and trade professionals.

If you are already involved with MEDLAB as an exhibitor, visitor, delegate or speaker, we would like to thank you for your continuous support in making the show such a great success.

The subsequent MEDLAB will take place from 5 - 8 February 2018 at the Dubai World Trade Centre.

We look forward to seeing you next year!

Kind regards,

Tom Coleman
Group Exhibition Director

No doubt MEDLAB is now considered as one of the main destinations in the Middle East, GCC and Africa to explore the newest and latest technologies.

Dr. Ahmed M. Abdelazim
Regional Business Manager, MEA, IVD Group - Medical Systems, Fujifilm, UAE
The first stand-alone edition of MEDLAB officially validated itself as the flagship medical laboratory management and diagnostic exhibition worldwide. Occupying 30,000 m², the exhibition sold out 3 months ahead of the show, demonstrating the industry’s demand for such a critical, annual platform to satisfy the GCC’s rising lab testing market growth within the healthcare industry.

With 75% of exhibitors rebooking to partake in MEDLAB 2018, the consecutive years to come are proving to show steady growth on par with the industry’s development.

The Dealers & Distributors Zone is a platform that MEDLAB offers to expedite the process of exhibitors sourcing new dealers & distributors.

We provide the opportunity for visitors to display their contact details, along with the products they are looking to source. Exhibitors and other visitors can then identify which agents are interested in their specific products / services, allowing for meetings to be set up directly onsite.

To be involved in next year’s Dealers & Distributors Wall, email us at medlabme@informa.com

Dr Jayantial Mandot, Director, Dr Jayant Mandot’s Diagnostic Centre, India

A wonderful platform to grow decades of knowledge and experience from the experts.

Madhu Sudanan Panicker, Laboratory Director, Lifecare Hospital, UAE
The 16th Annual MEDLAB Congress featured 11 CME-accredited conference tracks. This year’s primary focus was to bridge the gap between test utilisation and test interpretation, concentrating on the correlation of roles between laboratory professionals and clinicians to ultimately improve patient care.

Headed up by 128 local and international industry-leading speakers, this year’s multi-disciplinary programme offered content and educational partnerships to arise from all avenues within the medical lab space.

Welcoming 5 new tracks, including Blood Transfusion Medicine, Cardiac Markers and Laboratory Informatics to name a few, these were greatly received by the industry as topical and focal areas fundamental to the development of healthcare in the MENA region.
